More Indian Money.

Congressman Scott Ferris has sent word to the editor of the Constitution that about \$100,000 of Indian lease money will be paid out soon to the members of the Kiowa, Comanche and Apache Indians, which will average about \$80 per capita. This is in addition to the recent payments which just closed at Lawton.

Won Prizes.

At the Sterling fair our former fellow townsman, K. V. Hoffer, secured first prize on the best twelve ears pop corn and second prize on the best display of canned fruit. Kelly must have had his wife at work this summer. J. D. Davis, cashier of the Sterling bank, won first prize on the twelve best heads of feterita.

Meeting Postponed.

Word has been received here that Rev. W. P. Roberts is in poor health at his home at Belltree, Texas, with an attack of biliousness and is not able to fill his appointments. For this reason the meeting in Elgin which was to begin next Sunday has been put off one week till Sunday, Sept. 28.

To Resume Drilling.

Word comes this week that drilling will soon be resumed on the oil well east of Elgin. Mrs. H. R. Clary of Oklahoma City, who owns a farm near the location of this well, was in Elgin Tuesday and says she has definite information to that effect.

She says that Henry Bros., millionaire oil men of Tulsa, now have charge of the well and that she sent a personal representative to them to know what will be done. They told her that drilling would begin again soon and that no one who had made any investment in this well would lose anything.

The indications for oil at that point have always been good and it is good news to know that drilling will be commenced again soon.

Indications for oil right in Elgin are good also, as water pumped from some of the wells has a heavy scum of oil on it after standing several hours.

M. W. A. Initiation

The Modern Woodmen lodge held a special meeting Saturday night to initiate six new members. About two dozen members of the Fletcher Camp chaperoned by Dr. Ashley were in attendance to assist in the work. The goat must have bellowed terribly, judging from the number of persons that were awakened by the noise that went forth long after midnight. The following rode the goat: George Stice, Harry Sellers, J. H. Harney, Henry Hasenbeck, Walter Clark and Wm. Morrow.

High Priced Eggs.

For one person to pay \$15 for a few eggs sounds rather big, but that is what each of four young men south east of here paid for a few eggs they threw at a preacher. And another had an extra \$10 added for disturbing a religious meeting. Eggs come rather high at times.

New Residence.

The first of this week, John Lodus commenced work on a new residence on his farm one mile west of Elgin. This addition will be 14 by 23 ft., 14 ft. high, and contain four rooms. Syd Davis came up from Lawton Tuesday morning to oversee the carpenter work.
